Meeting Minutes Monday 10/21/2013

By: **Sharon and Pete Brown**

Jungle Terrace met at 6:30pm at Florida Botanical Gardens (see Newsletter) for our annual “outing” meeting. Master Gardeners Richard and Terry Berube led a wonderful tour of the gardens for an hour. The experience was very informative, and they answered many questions from JTCA Members. Adjourned at 7:41pm.

CAREFEST # 398

JTCA optimized the Volunteers’ Garden in Walter Fuller Park in 3 phases over several days.

1. Major trimming and pruning.
2. Treat for bugs, fungus.
3. 75 Bags of Mini Pine Bark Nuggets as mulch, including boulder at bridge by Walter Fuller Center.

Jungle Terrace expended \$207.00 of non-reimbursed funds.

3 Volunteers invested 31 hours.

Waterfront Parks Foundation - INVEST in Your Neighborhood

Phil Graham, Jr, who designed landscaping for Dali Museum, has taken a page from the Jungle Terrace Civic Association playbook “to form a private foundation to assist our city with adding more beauty to our waterfront parks. Plans include accentuating entrances and key areas with colorful blooms, and camouflaging, relocating and burying unsightly utility boxes. Capital improvements of splash pads and spots for park users of varying ages and physical abilities. The Board of Directors include former Mayor David Fischer - the “Tree Mayor” - former Mayor Bob Ulrich, JMC CEO Mike Cheezem, and Karen Dunlap, president of the Poynter Institute. Supporters include David Feaster, President and CEO Cornerstone Banks and 2012 Mr. Sun. St. Pete Women’s Chamber of Commerce is donating \$5,000 from their annual luncheon, fashion show and card party.” *Tampa Bay Times*

President's Message

Dr Ed Carlson

Pinellas Trail: Tom Killian, past president JTCA, cleared the SW corner of 22nd Ave N. The City picked up two piles, thank you Debbie Larson.

Volunteer and I picked up all trash, weeded and sprayed Stonehenge Park Garden, under the overpass, and along frontage road. This holds it for the winter.

Volunteers and I have been trimming and improving a section every few weeks with JTCA's new battery pole chainsaw, and hauling to brush site in Dr. Ed's part interest old truck. We also coordinated with **Lizotte Welding, Chico's Auto Repair**, and **Rockbottom Furniture** to remove all invasive plants on their properties adjacent to the Trail.

Grandson **Isa** and I took the truck with new yellow blinking light along the Trail to pick up all the downed palm fronds from the 2 day winds. He had great fun riding slowly in the back to hop out and pick them up. Trimmed a few too . . . whole compacted load to the brush site.

Another outing was a "potato picking party" to control invasive air potato vine on Trail. Isa won largest, smallest and most. (See photo page 12).

County appreciation: "Great eye for detail Dr. Carlson. Thanks again for all you do. I will share this with **Trail-Rangers** at this month's meeting." **C. Gray, Chief Park Ranger II**.

"I add my words of thanks for your group's continued efforts improving the Pinellas Trail. Just when we think it can't get any better, you amaze us! We appreciate you all very much. **Sandy Wilson, CPM, Volunteer Program Coordinator**.

SPPD Officer Mitch Detty participated in the **Pinellas Trail Safety Task Force** and reports that there were many positive appreciations for all JTCA is doing to maintain and to IMPROVE the Trail.

Lyle Fowler, Head of all south county parks writes: "The Bike Path Country pilot sponsorship program is funding new signs for Pinellas Trail. We are approving the final sign design and locations. Hoping for installation in Dec/Jan.

John Prokop and I kept stimulating City until they weeded, trimmed, mulched traffic circle at 30th Ave and 68th Street N.

Carmen repainted the Jungle Terrace sign at 30th Ave and 71st by Sunshine Market.

CAREFEST for JTCA: Volunteers Garden in WF Park ~ totally trim, weed, fertilize and 70 bags of mulch. Cost \$207. "Garden Looks Great! - Thanks for all you do." Linda Seufert, Park Operations Manager.

"**ENTWINED**" re-installed on 3 inch stainless steel pipe. Polished by **Carmen**. (See Photos on page 9)

WFP: City moved sprinklers next to base of "**ENTWINED**" sculpture so they spray out from it, rather than on it. Volunteers smoothed dirt and seeded grass around poles/concrete for the new blue "shade-structures."

Garden Club at Azalea Middle School faculty leader is **Chris Mitchell**. To hide the fence along 22nd Ave. N., JTCA will donate 33 Confederate Jasmine plants for students to plant. **Dr. Connie Kolosey**, Principal, had the irrigation system restored to full function. Dr. Carlson's friend in Sarasota, Dr. Ali Tahari donated enriched soil and edible climbing plants for the club.

Tyrone Industrial Park: Veteran's Medical painted their entire warehouse/offices and looks the best in 30 years! **Dayton Rogers** plant moved to South Carolina. **Conax Industries** closed our branch.

I met with **Phil Whitehouse**, Director of Parks, for coffee and a ride on Pinellas Trail ... "amazed" ... and review of park. Phil is supportive of FUN Bowl.

Snipe Signs: **Monica Abbot** writes, "Looks so much better at previously infested corner of Park St. and Tyrone Blvd. As you go further up Park into the county is a mess and looks a mess. Triangle of 66th St/22nd Ave/Tyrone is staying nice. This is heavenly!" Met with **Jim DeBee** and review of parks, "Toughest neighborhood (association.) in the City."

Discussions with **Joe Kubicki**, Transportation Director, about using the parking lot in foreclosure at 2447 Anvil St. as a Trail Head for the new **Bike Path** to Walter Fuller. He is amenable (and eager) to change the engineering to start here, create a park, and a bridge to the Mall, and forever beautify an eyesore abandoned property. We may be raising the money!

NSSP - Police Forfeiture Grant received to purchase 30 shirts for NSSP!

Send us your size. No meetings. Simply wear your shirt when you walk or bike ride:

“Presence + Perception = Prevention.”

74th St Elementary School, work with **Principal Garyn Boyd** to have multiple cars park on hard surface rather than on grass. After several communications, all were “educated.”

Domestic dispute in park. NSSP Scout observed from a distance. Offered to call Police. When they continued, simply said 911 was being called. They ceased and each went a different way.

Dog Park Incident: Pit bull jumped fence and grabbed Phil Samsoe’s shoe in his cart. Owner Don was hostile, and previously a problem. Police responded. Dr. Ed work with Sgt. Bush and Parks Department to prepare to Trepass the person out of the park in case he ever returns.

Dog Park Protocol: Small Dogs are 20 pounds or less on sign. REPORT Problems (Large RED letters on sign) to Parks 893-7335 weekdays 8-5, After hours/Holidays 892-7261 (All info on wood sign.) **AND to POLICE** Non Emergency 893-7780. Doing nothing, leaving, and then complaining gets us nowhere.

Good part of this is **Dr. Ed** asked **Sgt. Bush** to have the police cars that “stage”/meet in the isolated Mall Parking lot to stage/meet/do computer work in WF Park parking lots and street parking areas. Notice the **Police** now have a greater presence in and around our park!

NSSP continues to ride in the park, at Azalea Middle School, walk to the Mall, Pinellas Trail mile, and neighborhoods – reporting street lights out, foliage to trim, signs to replace, etc.

To reduce the dangers and risk associated with police pursuits, the St. Petersburg Police Department has partnered with “StarChase” Pursuit Management Technology to begin the field testing of their pursuit reduction system.

The StarChase system contains a miniature GPS module encased in a tracking projectile/tag and a launcher mounted on a police vehicle.

A compressed-air launcher, mounted behind the grille of a police cruiser, uses a laser to target the fleeing vehicle. It discharges a projectile/tag containing the GPS module which adheres to the suspect vehicle and transmits coordinates back to police. The police view the location and movements of the tagged vehicle in near real-time on a digital roadmap. www.StarChase.com.

FLORIDA LEAGUE OF CITIES HONORS REP. KATHLEEN PETERS

The Florida League of Cities honored Representative Kathleen Peters. Legislative Appreciation Award recipients are lawmakers who consistently vote and advocate on behalf of cities. This prestigious award was presented to Rep. Peters for her tireless efforts to protect the home rule powers of Florida’s cities. Rep. Peters voted in support of League positions, offered amendments to prevent preemptions and unfunded mandates, and worked behind the scenes to rally support for League positions.

“The Florida League of Cities and its lobbying team are proud to recognize Rep. Peters for her support,” said FLC Director Scott Dudley. “She believes the level of government closest to the people should make the decisions that affect the quality of life of citizens. Florida’s cities, municipal officials and residents owe her a great deal of thanks.”

Rep. Peters served as a South Pasadena city commissioner from 2008-2009 and mayor from 2009-2012. She was elected to the Florida House in 2012.

Isa won largest, smallest and most at “potato picking party” to control invasive air potato vine on Trail.

Plenty of Fish in the Lake

STOCKING JUNGLE LAKE

Ray Watson, Fish and Wildlife Commission, recently pulled this six pound bass out of Lake Maggiore. He reports snook are making a comeback after a 20-year restoration of the 360-acre lake. Four years ago, the lake was finally healthy enough to be stocked with 100,000 fish. Come enjoy Lake Maggiore.

Working with our partner, the Southwest Florida Water Management District, St. Pete removed invasive plants, dredged 1.3 million cubic yards of sediment from the lake bottom, and created five alum treatment facilities to treat stormwater from 2,300 land acres.

We enhanced recreation areas surrounding the lake. Dell Holmes Park, its popular splashpad, playground, canoe and kayak launch, and fishing pier, make great use of Lake Maggiore's beautiful lake shore. We will embark on new improvements at Lake Maggiore Picnic Park, including an upgraded boat ramp, new restrooms and playground equipment, thanks to a Land and Water Conservation Fund grant.

NOTE: Ray Watson is coordinating with JTCA, stocking **Jungle Lake** with bluegills and bream first, then last spring with "genetically pure" Florida Large Mouth Bass.

AN AWARD-WINNING CITY!

As 2013, and my term in office, winds down, I reflect back on four years of exceptional accomplishments for St. Petersburg.

I started my term as mayor in the midst of the worst economic recession that most of us have experienced in our lifetimes. It was a daunting challenge to balance the city budget each year, while protecting the services that those of us in St. Petersburg cherish. It is our outstanding it's the quality of life that makes St. Petersburg the desirable city that it is, and is what distinguishes us from other cities around Florida and the United States. St. Pete both sustained, and achieved remarkable things over the last four years. Just a few of these accomplishments include:

- The busiest construction year since 2007. I often remarked this is the “year of the crane.” Development activity is occurring in all quadrants of the city, and includes a large number of new housing units and some commercial construction

- New revitalization in Midtown, as evidenced by the opening of Sylvia's Queen of Soul Food Restaurant and the new event center in the restored Manhattan Casino. We also found a replacement for the grocery store in Tangerine Plaza with a new Walmart Neighborhood Market poised to open in 2014.

New business relocations, including ASI Insurance, Plasma-Therm

- Three years in a row, St. Petersburg has been recognized as the No. 1 Arts Destination in America for mid-sized cities, a category that includes places such as Miami, Tampa, Savannah, Charleston, Pittsburgh and more. And we have welcomed the formation of a new Warehouse Arts District.

- We've achieved great progress in our schools. St. Pete's Promise, our partnership with Pinellas County Schools and the Pinellas Education Foundation, works successfully to improve graduation rates. For students that we serve through Take Stock in Children, the city has a 96% rate of graduation, compared to a state average of 71%. Our work led to St. Pete's recognition by America's Promise Alliance as the No. 1 dropout prevention program in the nation.

- Crystal Clear Technologies, eMason, and AMEX-SERV. We've also experienced new retail with Sam's Club on 34th Street and Fit2Run and more. We welcomed two new headquarter relocations to our community, C1 Bank Consolidated and TRIAD Retail Media.

- Downtown St. Pete has never been better! We look forward to an announcement soon regarding the Shoppes at St. Pete; restaurants along Beach Drive are thriving, thanks to some changes in the city code; and, we have a new thriving microbrewery sector. There are nearly 1,000 new residential units coming online downtown, along with the new Birchwood Boutique Hotel and Staybridge Suites; and we've continued to see USF St. Petersburg expand into a 24/7 campus with its new Student Activities Center and dormitory.

- These are a few of many things we have been able to accomplish, and I credit our talented city staff for these successes. St. Pete is fortunate to have a great asset in our professional city staff, which has proven able to adapt to tough economic realities, doing more with less, and in most cases, with less pay and longer hours.

- As the year draws to a close and we join with our families to observe holiday traditions, I say a special thanks to this wonderful city we call home and the talented professionals who dedicate their careers to ensure that St. Petersburg remains one of the greatest cities in America to live, work, and play.
