Lyn Dexter - Secretary

A first grade teacher collected well-known proverbs. She gave each child in her class the first half of a proverb and asked them to come up with the remainder of the proverb. It's hard to believe these were actually done by first graders. Their insight may surprise you. While reading these keep in mind that these are first graders... "6" year-olds, because the last one is a classic!

1. Better to be safe than..... punch a 5th grader.
2. Strike while the ..... bug is close.
3. It's always darkest before.....Daylight Saving Time.
4. Never underestimate the power of.....termites.
5. You can lead a horse to water but..... how?
6. Don't bite the hand that..... looks dirty.
7. No news is..... impossible.
8. A miss is as good as a.....Mr.
9. You can't teach an old dog new.....math.
10. If you lie down with dogs, you'll.....stink in the morning.
11. Love all, trust..... me.
12. The pen is mightier than the.....pigs.
13. An idle mind is..... the best way to relax.
14. Where there's smoke there's..... pollution.
15. Happy the bride who.....gets all the presents.
16. A penny saved is.....not much.
17. Two's company, three's.....you put on to go to bed.
19. Laugh and the whole world laughs with you, cry and .....you have to blow your nose.

## Speed Bumps and Creative Alternatives

by Dr. Ed Carlson

Following our “exciting” speed bumps meeting, the “opposition” and Tom Killian met with the City to develop alternate possibilities to resolve real or perceived issues. We measured street width, discussed with neighbors, and developed alternatives to speed bumps.

A “phased approach” to slow traffic emerged. The first phase consists of

1. Line an open parking lane next to the park -- hatched walk at gates in fence.
2. Center lines striped to define narrow 10 foot driving lanes. Both 1. and 2. deal with “a wide street inviting going fast”.
3. Parking lane continued as NO PARKING at 30<sup>th</sup> and 78<sup>th</sup> tapering around to Devil Rays driveway.
4. PARC crosswalk connects ramp onto park sidewalk to driveway where clients cross.
5. Center double-line markings begin at crosswalk, funneling west-bound traffic to narrow lanes beginning on 30th Avenue at 76 Way.
6. All striping: uses slightly raised *reflective* material, rather than paint. This is a special application by non-City contractors. The work order is in place.
7. Radar on a pole for one week.
8. Police enforcement for 4 weeks – both parking and moving traffic.

We continued to develop future possibilities of landscaped refuge islands on each side of the PARC crosswalk. However, these would interfere with Indianapolis Motorcycle Police performing for PARC people every year on 30<sup>th</sup> Avenue during Festival of States week. There are many other creative, effective, and esthetic approaches to traffic. Speed bumps can become a form of littering, and are a last resort.

Creative thinking neighbors: for errant soccer balls, the City wanted to erect telephone poles and pull up big nets – interfering with remote control airplane flying. Neighbors met and came up with 7+ alternatives. The one selected was both effective and esthetic. There are usually many ways to solve a problem.

The process for traffic calming requires very specific steps. First is “Triple E” approach to review all requests: Enforcement, Education, and Engineering. The Police are first requested to conduct speed enforcement. If needed, Neighborhood Speed Watch Program is installed. ALL traditional engineering solutions are considered. Finally, a follow-up to see if the concern has been corrected.

Next, if determined necessary, the 2 page process to develop a street traffic plan outlines the very specific steps and requirements. This is located at <http://www.stpete.org/transneigh.htm>. The “Neighborhood Transportation Management Program” is also there in the link, [Traffic Plans - Funding](#).

By established protocol, all the above must be accomplished prior to considering speed bumps. \*\*\*

*Late note: Actions listed in Ed’s article above are pending. A petition will be circulated to get signatures of all involved.*

# The Evolution of Diagnostics

For the past 35 years, St. Petersburg General Hospital has pursued the latest in medical advances to improve and save lives. Our DISCOVERY LIGHT SPEED PET/CT SCANNER enables us to deliver a higher standard of care than ever before to the people of our region.

The dual-image system empowers physicians to detect, diagnose and treat cancer faster and more precisely for better outcomes. And that is good news for everybody. Ask your physician, or call us with questions about this new technology, now at St. Petersburg General Hospital. Our brochure will clearly explain the

benefits of this one-step PET/CT diagnostic system over its ancestors.  
 >Fuses the finest of PET and CT scan technology

- >Diagnostic tests that previously took weeks can now take an hour or less
- >High-resolution images are electronically transferred to specialists for fast review and expert opinion
- >Elimination of multiple tests saves time and anxiety
- >Images mesh perfectly since patient remains in one position
- >Faster diagnosis and more precise treatment for better outcomes

# 3rd Annual "Pets in the Park"

By Tom Killian

On October 8th. the Jungle Terrace Civic Association and the Azalea Association co-sponsored Pets in the Park. This is the 3rd. year for the event. It was held this year at the large neighborhood pavilion in back of the Walter Fuller Youth Center. It was a good thing that we had the pavilion because half way through the judging it started to pour. We had the pavilion set up expecting rain and it served as the judging area and where we gave out the awards and conducted the Blessing of the Pets. Over forty animals entered the judging for awards and the Blessing of the Pets. Other animals came for the Blessing only. We want to thank Jungle Terrace member **Pastor Mary Beth Packard** of St. Marks United Methodist Church on 38th. Avenue N. for doing the Blessing of the Animals.

**Chris Williams** Manager of Petsmart donated T-shirts, carry

bags and chew toys for all who came to the event. He also sent one of his managers to help. Petsmart has been very supportive of us for the three years that we have held the event. Please support them with your patronage. **KC Jones** our local realtor helped in the judging and donated a pet studio portrait which was won by **Ann Suppa**. We thank KC for her continued support of our association by helping at our events and through her advertising support in our newsletter. Thanks to the **Siberian Husky Rescue** for coming and offering micro chipping of dogs for \$25.00. Thanks to the **Skyway Border Collie Rescue** for their support. The Walter Fuller Center has always been helpful by allowing us to use their tables, chairs and their facilities. The new manager at the Center is **Chuck Boehme**. We thank him for his help. The members who come out to help with an

**NEW FEE CLASS - TENNIS**

Walter Fuller Recreation Center is proud to announce that tennis lessons are now available for children and teens. The instructor is Eric Chall, who comes to us with an excellent track record and will make the lessons a great experience for your child or teen. Beginners classes will be held on Mondays, Wednesdays and Fridays from 4:30pm to 5:30pm. You can sign up for one class a week, which would cost \$10 per session, or attend all three classes, which would cost \$9 per session. More advanced classes are also offered during the week on either Mondays & Wednesdays from 5:30pm to 7:00pm or Tuesdays & Thursdays from 4:00pm to 5:30pm. If you are interested in signing up please come to the center office and we will be happy to get you registered and answer any questions you may have. You can reach the office at 893-7443.

**A NEW FRONT ENTRANCE**

Soon the center will have a new look to the front entrance. Construction is set to begin on replacing the three front doors that are currently in place and installing a more functional double door entrance way. The construction should only take a week to complete, so during that time we will be using the doors on the west side of our building as our temporary entrance. We apologize for any inconvenience but we believe everyone will be very pleased with the final results.

**Andy Rooney on Prisoners;**

Did you know that it costs forty-thousand dollars a year to house each prisoner? Jeez, for forty-thousand bucks apiece I'll take a few prisoners into my house. I live in Los Angeles. I already have bars on the windows. I don't think we should give free room and board to criminals. I think they should have to run twelve hours a day on a treadmill and generate electricity. And, if they don't want to run, they can rest in the chair that's hooked up to the generator.

# This Months Gardening Tips

by Dean Miner, President Floridian Pest & Turf

November 2005

(see ad at right)

## Azalea

keep these plants well watered. The buds will be growing during the cool weather and if water is not supplied, they may abort or be very small for flowering in the spring.

## Camellias

Tea scale may have reinfested some of your plnts. Use cygon for best results (ALWAYS FOLLOW LABEL DIRECTIONS). Early varieties will certainly have a few flowers now. Water the plants at least once a week by thoroughly soaking the soil.

## Christmas cactus

This holiday season plant should have a lot of buds by the end of the month. Don't over water. Do not fertilize. Growing the plant a little on the dry side will help to prevent root fungus. Should the plant show signs of collapsing, the leaves, (so called) will limp and detach from the main stem. This is the first sign of a root rot. It can be controlled, even prevented, by drenching the soil and roots with a good fungicide.

## Easter Lilies

If you didn't get your bulbs in the ground earlier, then do it immediately. Let me suggest you add about two cups of cow manure in the planting hole. Plant the bulbs at least four to six inches deep. Mulch to help conserve moisture. Water on a daily basis. Once the leaves have emerged, fertilize with a soluble fertilizer at least two or three times a week.

## Plugs for St. Augustine

Frequently, the question is asked about when to plant because this is an easy method of establishing a new lawn. Honestly, plugs can be planted any time of the year. Fall is a very good time. The soil is warmer than the air. As a result, the roots will grow and become established and the plug will be ready to produce new growth in the form of runners in the spring. Consider plugging your existing St. Augustine lawn where areas are thinned due to insects and drought or converting your worm out Bahia lawn to St. Augustine.

## Poinsettia

The hornworms are out in great force!!! Check all outside plants on a daily basis. This worm is very hard to see so, look closely at the plant. Use thuricide for best control. If the plant has yellow color, then add magnesium sulfate (epsom salts), using about a cup or two to a large plant. Add a small amount of good fertilizer at the same time.

## Roses

Although a fine plant for flowers, they must have constant attention. It is necessary to maintain a weekly spray program. Use a good fungicide for control of black spot and mildew. Don't forget to fertilize every month to six weeks. Insects will be at a minimum, during cool weather. Nevertheless, a few such as aphids or even an occasional worm or spider mite may land on the plant. Water plants at least every other day, soaking the soil thoroughly. \*\*\*

# TYRONE SQUARE REDEVELOPEMENT UPDATE

Our exciting Lifestyle Redevelopment project is coming to life!

Of course, the **BIG NEWS** is the recent announcement of two quality restaurants...**Bonefish Grill** and **Lee Roy Selmon's**... joining our new Lifestyle area. These are both great restaurants with unique restaurant offerings to the west side of St. Petersburg which will add significantly to Tyrone Square's draw.

Since much of the relocation/installation of the significant new utility/mechanical services is either completed or in progress, during the next few weeks, things will appear to be happening very quickly as the more above-ground, visual elements are completed.

The final phases include installing the new compactor next to Macy's dock area, construction of the new exterior merchant/restaurant storefronts, installation of new exterior decorative sidewalk lighting and extensive parking lot work involving sidewalks, asphalt and installation of the new landscape islands/irrigation system. Barring any unforeseen complications (ie: hurricanes), the mall work for the exterior Lifestyle area,

new mall entrance and parking lot should be completed and fully open in October.

**Claire's** has opened as the second of nine new interior mall concourse stores. **Vitamin World** is under construction with a projected opening date of early October. The **Day Spa** and **Perfume World** are anticipated to start construction any day. **Bonefish Grill**, **Lee Roy Selmon's** and other yet-to-be-announced merchants will start construction within the next few weeks so the majority of our new restaurants and retailers will be open in time for the peak 2005 Holiday Season. Stay tuned for other store announcements!

Interior mall barricades are decorated with Lifestyle Redevelopment graphics and we've even installed "windows" in the barricades to let everyone have a peek at the construction process in action.

There is lots of work to be done so that we can be completed by the 2005 Holiday Season. Stay tuned and thank you for sharing in our excitement!

**For your shopping convenience Tyrone Square is open Monday - Saturday 10:00 AM - 9:00 PM and Sunday 11:00 AM - 7:00 PM.**

**Until next time...Happy Shopping!**

Just before the funeral services, the undertaker came up to the very elderly widow and asked, "How old was your husband?" "98," she replied. "Two years older than me." "So you're 96," the undertaker commented. She responded, "Hardly worth going home, is it?"

## “The Doctor’s Report”

### TOP THREE LEADING CAUSES OF DEATH IN THE U.S.

Cardio-Vascular Disease	750,000/Yr.	1 every 2 minutes
Cancer	400,000/Yr.	1 every 5 minutes
Medicine	300,000/Yr.	* 1 every 7 minutes

\*Harvard University

We spend more money and have greater technology on health than any other country in the world, yet many other countries (at least 26) are healthier than we are.

More money and more technology are obviously not working out. They are not working out at all. Healthcare has become the 3rd leading cause of death.

The fact is, even if we cured all the diseases in the world we would still not be healthy!

### THE PROBLEM IS OUR PHILOSOPHY ON HEALTH/MONEY/MEDICAL/MATERIAL POINT OF VIEW:

We are simply a lot of complicated parts (materials) that are prone to breaking down. As each part breaks down we tinker with it and then tinker with it some more until it can no longer be fixed. Health is the absence of illness.

### HOLISTIC/WELLNESS/GOD/NATURAL/CHIROPRACTIC POINT OF VIEW:

If the body is kept whole and functioning normally then it has a tendency to stay well. The building of health is the best way to set well. The maintenance of health is the best way to prevent sickness and stay well. In this manner, you are not forced to meet the cost of failure of having to treat or cure an illness.

Health is not the absence of illness. Health is when your body works right, at its God-given potential.

*“The problem with our Health Care System is that you have to lose your health to enter it.”*

As the saying goes, “You can’t keep a good thing down”. And so it goes for the home of **Mark & Mary Myers** on 8213 35th Avenue North. Their home was selected a couple of years ago as Home of the Month. It still holds the same beauty and charm as it did then, as well as it did the day they bought it. The Myers’ have lived in their home 16 years and have maintained it to perfection.

Congratulations on a job well done.

A group of friars opened a florist shop to help with their belfry payments. Everyone liked to buy flowers from the Men of God, so their business flourished. A rival florist became upset that his business was suffering because people felt compelled to buy from the Friars, so he asked the Friars to cut back hours or close down. The Friars refused. The florist went to them and begged that they shut down. Again they refused. So the florist then hired Hugh McTaggart, the biggest meanest thug in town. He went to the Friars' shop, beat them up, destroyed their flowers, trashed their shop, and said that if they didn't close, he'd be back. Well, totally terrified, the Friars closed up shop and hid in their rooms. This proved that.....
