Minutes of the September 20, 2004 Monthly Membership Meeting

- Our meeting was called to order promptly at 7:00 pm by our **President, Mr. Tom Killian** with 45 people in attendance.
- After the pledge of allegiance was given, we were addressed by **Teresa Anderson**, principal of the Azalea Middle School who updated us on recent happenings at the school and thanked us for our support.
- We were then introduced to **Mr. Rod Lovelace**, who is a new member of the Walter Fuller Youth Center. He was transferred from Fossil Park, where the current City Skateboard Park is located. His knowledge of the existing skate park will aid greatly when our BMX track is converted into a skate park.
- The winner of the Treasure Hunt was named. Mary Scott's son **Adam Scott** (who is 8 years old) solved the puzzle and found the Key at the Dog Park. While Adam was not in attendance, his mother was awarded a \$10.00 gift certificate to Publix to relay.

Lyn Dexter - Secretary

- **Steve Plice** was then introduced as the chair for the nominating committee. He advised that anyone interested in being on the board of the JTCA next year should contact him to advise of their intention. (telephone 727/344-3120)
- **Tom Killian** then reminded the attendees of some upcoming events. The second annual **Pets in the Park** will be held at the Dog Park (within the Walter Fuller complex) on Saturday, October 2. Registration and judging from 8:45 am until 10:00 am with prizes to be awarded there after. On Saturday, November 6th, we will be hosting our second annual **Neighborhood Picnic**. This will be held at the newly constructed (almost) pavilion located within the Walter Fuller Complex. The Association will be providing hot dogs and hamburgers and there will be a Bluegrass Band.
- The Secretary's report was then accepted with the Treasurer's report next. There was some discussion over the \$100 donation that was voted on last month. This discussion concerned whether to donate the \$100 to a school, who has financial governmental assistance or to people who have no insurance. Several board members agreed to continue researching the matter. As a side note, there was a donation box at the registration table for Hurricane Relief.
- Council member **Rick Kriseman** was then given the floor. **Councilman Kriseman** announced many happenings including items included in the new budget. He advised that the police department had been given an additional \$300 K to aid with hiring, training and retaining new officers and there was an allowance to hire a new codes investigator. He thanked our own **Skip Mitchell** for her assistance with getting the pool operation dates extended. The replacement of the Jungle Prada Pier has been included within this year's budget. In fact, there will be a meeting regarding the pier to be held at Saffron's Restaurant at 7 pm on Thursday (9-23-04). During which the construction material would be considered. Construction of the skate park will begin as soon as the County is able to complete the new BMX Park. Airport task force has made recommendations to the Council which includes restoration of the terminal to include a restaurant. But there will be much more to come with this process. Earlier that day, there had been a meeting regarding the City's plans for the renovations and expansion of the Mahaffey Theater. The City is entertaining some offers to allow a company to manage the theater in exchange for renovation funds as well as the Florida Orchestra making the theater their home. Councilman Kriseman advised the City is planning to tear down Bay Front and they are entertaining plans for utilizing the vacant lot near the air port as a park and others with plans to build office space and/or an upscale hotel. After a question regarding the overall plan for the downtown, it was relayed by Steve Plice there is a meeting scheduled at the Sunshine Center for October 18th at 7:00 pm to discuss. The outcome of the LDR meetings was brought up to which the Council member advised this is a lengthy process

Improving our Industrial Park

By Tom Killian

The Jungle Terrace Civic Association requested ten flowering trees from the city for our Tyrone Industrial Park. On August 28th, the Crape Myrtles were planted on the Sensor property at 2800 Anvil Street North. Sensor has a sprinkler system which will help these trees during the dry season.

Lonza Stover-city, Kathy Markiewicz Project Manager Leisure Services, Tom Killian Jungle Terrace President stake the newly planted trees.

I didn't know if my granddaughter had learned her colors yet, so I decided to test her. I would point out something and ask what color it was. She would tell me, and she was always correct. But it was fun for me, so I continued. At last, she headed for the door, saying sagely, "Grandma, I think you should try to figure out some of these yourself!"

The 38th. Avenue Pinellas Trail Overpass Opens

By: Tom Killian

Our area has been made safer because of the new overpass that has been installed over 38th. Avenue North. It connects the Pinellas Trail and eliminates people trying to cross the busy and

dangerous intersection near the entrance to Wal-Mart. Jungle Terrace thanks our County Commissioner Ken Welch and the County for making our area safer.

JOHN'S PASS

By Bob Miller

We all know about the fine shops and restaurants located at John's Pass. It's a great place to just walk around in the evening even if shopping is not on your list of to-do's. It just seems to take you back in time and you're really not sure why. Actually John's Pass does have a rich history, even more mysterious than most of us expect.

In the early years of the 19th century, Florida was a lawless land -- not yet a state, but still an American Territory. Escaped slaves from the Southern states found refuge and freedom here, where they joined the Native American tribe of Seminole Indians. Another type of person was attracted to the West Coast of Florida as well. A sort not unlike the thousands of visitors who make their way to our beaches each year in an escape from the rigor and structured demands of society . . . **PIRATES!**

One such individual was a man named John LeVeque. A

Frenchman by birth, LeVeque found work as a cabin boy in a Spanish Galleon in 1836. Little is known of his life up until this point, but it can be safely inferred that he was of the lowest class in Europe, and held hopes of making his fortune across the sea. Heading for the New World, however, the ship was attacked by pirates. LeVeque was invited to join the pirate crew as a galley slave in return for his life. Cold and afraid, he accepted their offer, and within a decade he went from Galley Slave to pirate himself, from First Mate to Captain of his very own pirate

John's Pass, Village & Boardwalk

ship. Maybe he remembered what it felt like to be attacked by pirates. Maybe he was simply a good man. Whatever the reason, John LeVeque always allowed his victims to keep their lives and freedom. In the seven years he sailed the Caribbean and the Gulf

of Mexico, there is no record of LeVeque killing a single innocent or holding a hostage for ransom. Perhaps this is the reason for his curious economic state. In his entire career as a pirate, the fortune he had amassed totaled one chest of "Pieces of Eight" and Spanish doubloons. He had hidden his chest right off the beach on an island on Florida's West Coast, an area he would oftentimes visit when he had to hide out for a while.

It was an un-named and isolated island that would someday be named Madeira Beach. The life of a pirate was hard and short. If the scurvy or malaria didn't get you, the Dutch and English pirate-hunters surely would! LeVeque understood this and decided to retire from the pirate's life after seven years of captaining his ship. Taking only a small boat, meager supplies, and his treasure map, he left his crew and ship in the Gulf of Mexico, sailing off alone as his men cheered one last cheer for their departing Captain. He was headed for his hideout on Madeira Beach, where he planned on digging up his treasure and continuing on to New Orleans. As he sailed North into the coastal waters, however, he noticed a storm on the horizon. Recognizing the storm as a hurricane, LeVeque held back and waited overnight as the hurricane ran its course.

The next morning, September 27, 1848, LeVeque found that the hurricane had cut his long skinny island clean in two, rendering his treasure map useless. The storm had destroyed the very area of the island where his treasure had been buried! As he sailed through the new pass, and as dolphins played alongside his boat, John LeVeque realized his treasure had been lost forever.

Since that day, the inlet has been known as John's Pass, in honor of John LeVeque's discovery and maiden passage through the waterway. LeVeque lived out the remainder of his life on the local beaches, fishing and swimming by day, searching for his lost treasure by night. He lived to a ripe old age, seeing his isolated island become a quaint fishing community.

WILSON HUBBARD, a kindred spirit to LeVeque, came to the spot in 1978. Adding to the natural beauty of the pass, Hubbard built a WATERFRONT BOARDWALK over his already-popular FISHING MARINA and RESTAURANT in 1980.

John's Pass Village and Marina has been a must-see attraction on Florida's west coast for decades, always retaining its charm and quiet splendor. Folks come from all over to enjoy the beaches, stroll along the Boardwalk, and fish in the same waters where John LeVeque spent his life searching for his lost treasure -- the treasure he never found.

In fact, some say it's still there . . .

and the ends of which will not be known for sometime. **Steve Plice** again advised there will be a meeting on October 20th at 7:00 pm to discuss such issues. Mr. Kriseman advised the City is considering funding "Find Your Way Signs" which would be on the interstate to advise visitors of local attractions. Councilman Kriseman extended his thanks to the JTCA for their support shown at the Council meeting regarding the Street Vending Ordinance. Taking some questions from the attendees, were issues such as why doesn't the City's web site list our industrial park as part of our neighborhood, Kudos to the City for their fast work of trimming trees after the storm, and if there was going to be a transportation and supply hub located within the City in the near future. The Councilman then advised the Council is attempting to re-vamp the Codes Department by allowing weekend and night inspections, conducting exit interviews of investigators, to streamline to board which hears the cases and to include the City's properties in the inspections. He also announced the possible implementation of a 311 system which would be used for all City Services of non emergency status.

- Next our CPO, Officer **Rich Hladik** spoke. Officer Hladik advised that he had been reassigned for storm duty to both Punta Gorda and Shore Acres due to local flooding. However, things in the neighborhood have been fairly quiet with no home burglaries and auto thefts being contained within business areas. After fielding some questions, he advised that it is his practice to visit the sex offenders residing in our neighborhood on a regular basis.
- **Mike Fredericks**, who is an Engineer with the City of St. Petersburg Transportation Department was then introduced and began the review of our neighborhood traffic plan and the recent proposed amendments. He advised there were petitions brought to him requesting the installation of Speed Bumps in various locations within our neighborhood. He explained the process needed to implement such amendments and if they are approved, the method in which they are indexed for priority and then allowed within the Fiscal Year's Budget. The proposed locations for the speed bumps were as follows:
 - 38th Avenue North, between Park Street and Tyrone
 - 26th Avenue North, between 80th Street and 79th
 - 79th Street, between 26th Avenue and 22
 - 76th Street, between 30th Avenue and 34
 - 66th way (near 38th Avenue North and 66th Street)
- During the discussion, it was asked what type of bumps would be installed, to which Mr. Fredericks advised the flat tables as is located on 80th Street have been found to be less effective than more parabolic shaped, thus any new features would be a more rounded hump. Later during discussing it was advised that based on a study of speed bumps, children were 60% less likely to be hit by a car when speed bumps were in place. It was then motioned and seconded to vote on all petitions at once as apposed to each feature individually. This verbal vote resulted in a 29 yes to 1 no pass.
- Mr. Killian then allowed a representative for each petition speak as to why they feel the feature is needed. The following neighbors spoke:
 - 26th Avenue, **Ron Annis** and son **Steve**
 - 26th Avenue, **Michelle Stratton**
 - 78th Street, **Gwen McCullough**
 - 66th Way, **Stacy Harms** with **Tim Sullivan** adding a comment
 - 38th Avenue, **Ron Russell**
- **Mike Fredericks** added that on 79th Street, the Azalea Middle School is located and **Tom Killian** added that the Principal of the school did sign the petition.
- **Ron Russell**, Chair of the Traffic and Safety Committee then commented on how to report traffic issues to get them addressed and resolve and what documentation to provide him to follow through with the City and/or the police.
- After the discussion was over, a secret ballot was taken which resulted in a 24 yes and 5 no result.
- The meeting was adjourned at 8:24 pm

Home of the Month by Linda Mouriski

This Month's Neighborhood Pride Award goes to **Bert & Jane Zellers**. This lovely home is located at 8201 31st Terrace. The Zellers purchased this 1,600 sq. foot, pool home 6 years ago as they found this to be a good location to live, convenient to many things. The beautifully landscaped yard adds warmth to this beautiful home. This home was built in 1959 on a large corner lot. Please drive by and see this nice home and the wonderful curb appeal it offers. Congratulations Jane and Bert.

Finding one of her students making faces at others on the playground, Mrs. Smith stopped to gently reprove the child. Smiling sweetly, the teacher said, "Bobby, when I was a child, I was told that if I made ugly faces, it would freeze and I would stay like that." Bobby looked up and replied, "Well, Mrs. Smith, you can't say you weren't warned."

Jungle Terrace Community Policing Officer Rich Hladik 892-5953

- After fielding a question regarding thefts occurring in homes located within the County jurisdictions (often across the street from residences in the City)
- Officer Hladik advised that the City and the County had no way to share information in the past. However, with a new system, which will be implemented in the near future, most departments will be able to check records, crimes and other pertinent information between different municipalities.

This will be a Great Help to our Officers!

Code Violations - How to get them solved.

By: **Tom Killian**

Many Jungle Terrace members have called me and asked who do they call to solve code violations and other problems. In this article I want to share with you what I do to solve these problems. We live in one of the finest areas in St. Petersburg. Our homes are close to all the businesses and services that we need. We have two great parks and our home values have skyrocketed in the last ten years. Our crime statistics are some of the lowest in our city. Many new people are moving into our city who do not know the codes that have been established. We want to work with them and our long time residents to follow the established codes. It is our obligation to maintain our properties and by doing so our home values increase and we create a place where people want to live.

Mayors Action Center 893-7111 OR log onto Mayors Action Line at www.stpete.org

When you call in your complaint please ask for 1-complaint number, 2-complaint takers name, 3-record time and date of your complaint. Tape your complaint sheet to a large mirror at home so you won't lose it. The mayor's action line should be called when you have complaints about: Potholes in the road, Overgrown lots, Garbage Can Repair, Cracked Sidewalks, Damaged or missing street signs, Tree Trim, Cleaning of catch basins and pipes, Street Sweeping, Removal of dead trees from right of way, Graffiti, Debris in street and alley right of way, Asphalt street repair, Curb and Gutter repair, Pavement Markings, Street resurfacing. Please give the house and street number where the problem is. Be very

specific when calling in the complaint. The above complaints will be handled by our Public Service Representative Susan Fuchs. Check each week on the status of your complaint by calling 893-7111 and giving your complaint number to the person who you speak with.

Code Inspectors Office 893-7373

Our code inspector is Ernie Turner. Ernie's responsibility is from the city curb to the homeowners house. When calling in a complaint give the house and street number. Be very specific about what the problem is. Be sure to get a 1. complaint number, 2. Persons name who took the complaint, 3 Date called in. Tape your complaint sheet on a large mirror at your home so you don't lose it. Follow up the complaint each week as to its progress using the complaint number. The code inspectors office should be called when: High grass in yards is over 10", Boats docked in the front of a persons home, Trash or boards piled in a yard or leaning against house, Cars parked on lawns without approved parking surfaces, Motor homes parked in front of homes. There are more violations than I have space to list. You can pick up a code brochure at City Hall in the Mall Located inside the Tyrone Square Mall near JC Penney.
