NEW in our Neighborhood

A Fresh Connection Café and Bakery

Tyrone Overpass, Corner of 30th Ave and 71st St. N.

I'm sure our neighbors in Jungle Terrace are curious about our construction at 7097 30th Ave N. Our project has been over a year in the making, and we are excited to announce that A Fresh Connection Café and Bakery is opening its doors on Friday, July 6th, at 7am, with a modified, soft launch menu. Our Café hours are 7am-2pm Monday – Friday, and 8am-2pm Saturday and Sunday. Our menu includes Fresh Brewed Kahwa Coffee, Hot Teas, Kahwa Cold Brew on Tap, Iced Teas, Kombucha as well as assorted cold beverages. Our bakers provide Fresh Baked croissants, muffins, cupcakes, mini pies and cakes. Our grab and go deli features breakfast sandwiches and quiches, and for lunch, gourmet sandwiches, wraps, loaded potato salad, kale salad and much more. We will be adding to our soft launch menu over the next weeks and announcing our Grand Opening very soon.

In addition to our Café and Bakery, A Fresh Connection is also a **full service catering company**, serving the entire Tampa Bay Area. I opened my catering company five years ago, and it has grown with leaps and bounds. Our need for our own commercial kitchen led us to also open Florida Chefs Workshop, our **shared use commercial kitchen**. Florida Chefs Workshop serves as our home kitchen, AND serves as an incubator kitchen for other caterers, bakers, and product makers. In the upcoming weeks, you can look for baked goods and other products, produced by Florida Chefs Workshop, for sale in our co-op market.

I'd like to thank Dr. Ed Carlson for helping welcome us to the neighborhood. We are excited to be here and look forward to seeing all of you at the Café. For more information, give us a call at 727-308-1256, or visit us at www.AFreshConnection.com.

Sincerely, Lisa C Prather, Chef/Owner, A Fresh Connection, LLC

Police Community Service – Sgt. Detty moves on Sgt. Brian Taylor now head of District III

2009 Newsletter: New Community Service Officer, Mitch Detty, patrolled Jungle Terrace for 3½ years. When Pat McGovern transferred, Officer Detty requested the community police officer position. **Thank YOU Sgt. Detty for over a Decade of Service in J.T.!!**

Promoted to
Sergeant
Brian C. Taylor

Sergeant Brian C. Taylor joined the St. Petersburg Police Department in 2000, where he began his career as a patrol officer. In 2002, Brian was transferred to the Field Training Unit. The same year, Brian joined the Tactical Apprehension and Control Team and was an active member for over 4 years.

In late 2002, Brian was transferred to the Street Level Narcotics Unit, which later became the Street Crimes Unit.

In 2006, he was transferred to the Investigative Services Bureau and worked as a detective in the Vice and Narcotics Unit. In 2007, Brian was nominated for the Medal of Valor.

Brian was transferred to the Homicide Unit of the Investigative Services Bureau in 2008. He was honored by receiving both the Inaugural Copper Badge Award and the Law Enforcement Excellence in Performance Award in 2012, as well as a nomination for the 2011 Officer of the Year Award.

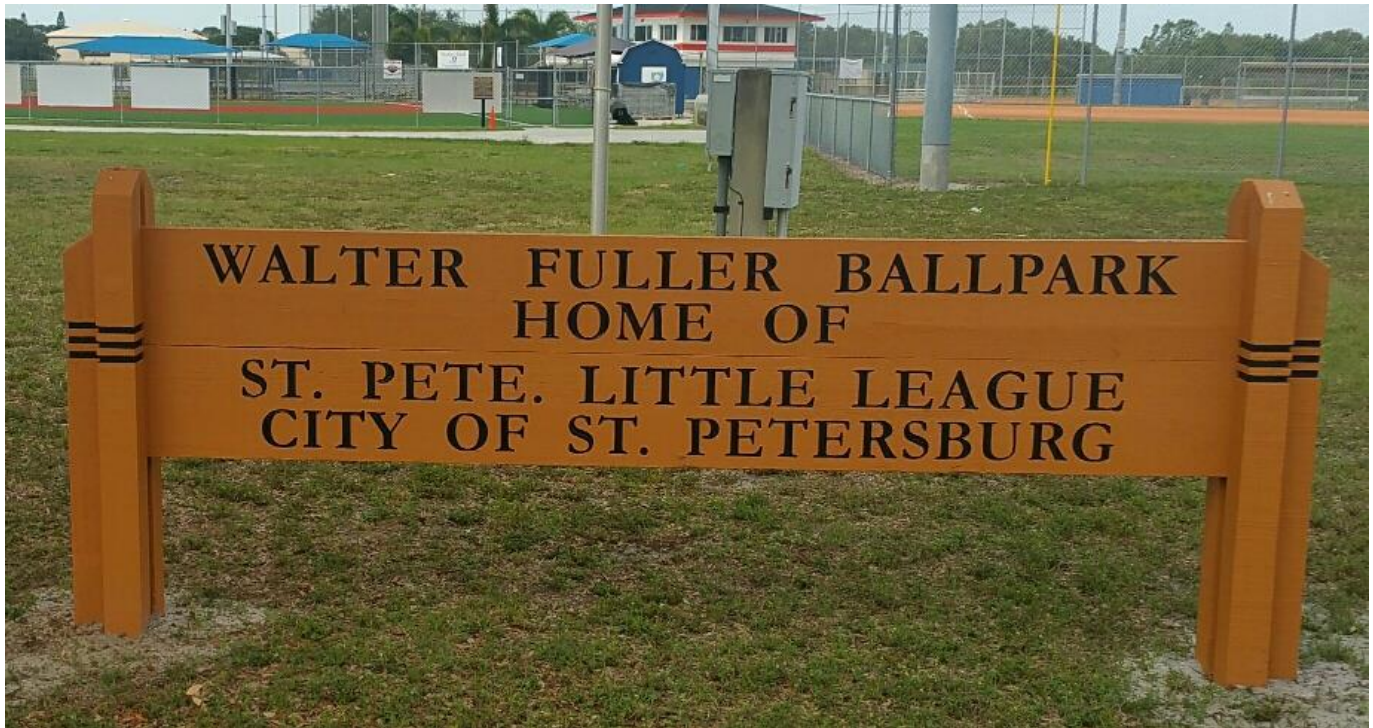

Brian graduated from the University of South Florida in 1998, where he earned a Bachelor of Science Degree in Elementary Education. Brian was a 2nd grade teacher prior to becoming a police officer.

Brian has been married to his wife Brandi for 2 years and they have a 9 ½ month old child, Austin.

St. Pete Invests Half Million Dollars Renovating WF Ballpark

7 acres returned to City last April with help of Jungle Terrace.

We now have 140 acre Park, and First Class Ballpark for Softball and Baseball.

Irrigation and Electrical Systems totally revamped.

Lights all functioning and with Shields to prevent spill light.

New backstop fencing on all + new dugouts + new fencing on 2 fields.

New Grandstands. All areas brought up to Code. Light on Flag for night.

New roofs on Soccer Field House and Storage Building.

All 3 buildings being painted to match.

Parking lots resurfaced with Turtle Mix (ground asphalt) to eliminate dust.

Dramatic “corral fence” in place of bollards.

Kiwanis Miracle League resurfaced their entire playing field.

St. Pete's Tremendous GROWTH

2017 set a new record for total construction value in the city - \$671 million – with new commercial development dominating.

The latest *Shines Development Update* includes plans that were advanced in 2017, major business expansions and relocations, current and completed projects, and future projects of 2018 and beyond. [View the complete update...](#)

Mayor + Chief keep 25 Officers on duty (rather than in schools)

Mayor Rick Kriseman announced the city will no longer take police officers off the streets to serve in elementary schools. A new state law requires armed officers in every public school. Kriseman and Police Chief Tony Holloway previously said 25 officers would be pulled from communities and gang units. This aligns decisions by Pinellas County and Largo to place that responsibility on the school district. The city does not want to disrupt the relationship between the community and their assigned officers.

Trees: Our Carbon Storage Experts ~ “Carbon Sequestration”

Robert and Alana Wilson remove the remains of an ash tree felled by a utility company because it interfered with utility lines. An example of why community outreach is essential to convince some that trees are health and well-being essentials, rather than a nuisance.

TNC, with the University of Louisville and several local partners are planting 8,000 trees and shrubs in the city, all in places science says they will have the most benefits for human health. Medical researchers with Green Heart Project will follow 700 people for 5 years, measuring the impact that living near nature has on their health. This data will help TNC shape urban planning around the world, transforming city trees from a luxury item to critical public health infrastructure.

Trees serve as physical barriers to pollution, and they filter fine particulate matter pollution with their leaves, trapping particles so small they can pass directly into the human bloodstream and exacerbate cardiac disease. The Institute for Healthy Air, Water, and Soil, a Green Heart partner, see the project as a preventive health measure, ensuring a person’s neighborhood is being beneficial. www.Nature.org/GreenHeart

Lucky's Market started in Boulder, Colorado in 2003, and now has locations all over the country from Wyoming to Michigan and Ohio along with eight other states. Lucky's describes itself as a one-stop shop for good, wholesome food and produce without pesticides, antibiotics or growth hormones, without a hefty price tag because they believe "natural and organic food shouldn't be priced out of your reach." Lucky's also maintains a special spot for local vendors who are encouraged to apply to sell their quality produce and products.
