One to Remember...

Most of us know him as super dedicated community volunteer Tom Killian. But there is another side to Tom and soon he will take leave to pursue some of his favorite hobbies, including treasure hunting and travel. He is also a talented artist in many mediums.

Tom joined the Jungle Terrace Civic Association in 2000 and has worked at various positions since then, including three years as President from 2003 to 2005.

Under his direction, Jungle Terrace won Newsletter of the Year in 2004 and in 2005 Tom was named Neighborhood President of the Year.

In 2006 he was named St. Petersburg Citizen of the Month for his work with Neighborhood Associations in St. Petersburg.

Tom started his work with CONA in 2000 as the Jungle Terrace CONA Representative and held this position for ten years. A graduate of the 2002 Neighborhood Leadership Program he worked as the 2003 Recruitment Chair and 2004 Planning Chair. Tom also worked as a Group Leader and Speaker on Newsletter development for seven years.

He served as CONA Vice-President in 2006 and Membership Chairman in 2005 and 2006. In 2007 he served on CONA's Executive Board as the Nominating Committee Chair.

The City of St. Petersburg selected him to speak on Umbrella Organizations (CONA) at the

2007 Neighborhood Conference in Sarasota, FL.

Tom currently runs the CONA Mentoring Program, helping associations start newsletters, events and apply for Partnership Grants. He has organized five trips to Tropicana Field for CONA Neighborhoods to see the Ray's play.

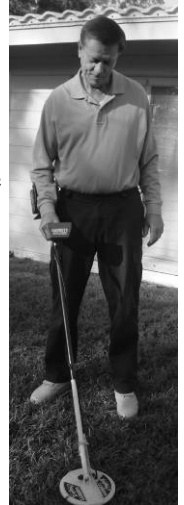

But, after Tom serves as a speaker for the Effective Communications module of CONA Leadership in March and then oversees the JTCA Easter Egg Hunt in April he will take his metal detector and go on a quest for treasure and adventure.

He has been trying to ease out of his volunteer commitments for about a

year bringing to mind Michael Corleone's memorable quote from the movie, Godfather III: "Just when I thought I was out... they pull me back in."

Diamond rings, fabulous jewelry found with Tom's metal detector! (NOTE-no jewelry was harmed during this photography session.)

Until Tom takes his time off, he practices treasure hunting in his back yard.

There is no dispute that Tom is a professional volunteer, JTCA is honoring him with a "retirement" dinner in March and an appropriate send off with the sincerest of well wishes for his new carefree life.

President's Message

The Families of each **St. Pete Police Officer** killed in January received a letter from JTCA expressing our neighborhood's **APPRECIATION** and **VALUE** of each Officer as Husband, Dad, and Peace Officer.

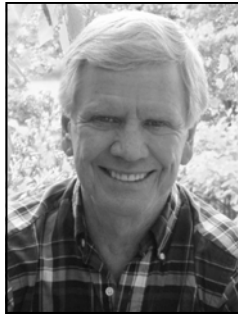

3rd Annual Parks CleanUP was a huge success. 28 Volunteers. **Tom Killian** led a group on the Pinellas Trail. **Roland Martens** led the group at Abercrombie, and **Dr. Ed Carlson** led the Walter Fuller Park group. **Jim DeBee, Wes,** and **Patrick** of the City joined in with 2 "Mules" to haul away trash and piles of limbs, and a boat to clean up Jungle Lake.

Mini-CleanUP, Saturday March 26 @ 9am, Walter Fuller Center, to complete our big CleanUP. Please volunteer 2-3 hours. Our Park is looking Fabulous – the Crown Jewel of St. Pete's 150 Parks.

Dr. Ed enjoyed breakfast with **Mayor Foster**, and asked what we can do for him. We discussed his requests regarding Tyrone Mazda (told him they are good neighbors) and St. Pete Baseball Commission's excellent care of Naimoli Complex. Professional baseball team from **Korea** is here for 6 weeks. Teams from **Canada, Denmark and Australia** are coming to play. **Italy and Jamaica** are eagerly in the talking stages of coming. We discussed the city converting the Sunset Hotel on Central Ave. and Park St. into a dormitory for the baseball teams. The Mayor explored the possibility of lighting one field at Naimoli Complex.

JTCA was represented at a **Codes Hearing**, then wrote a letter to Permits in the Building Dept. and to Stormwater Management in Engineering about not allowing "exceptions" to stormwater management requirements on the Azalea Little League property which contributes to flooding in our area.

Stormwater Drain Project: anticipates crossing Park Street February 21 to March 21. The road signs are up. After connecting Park Street to 28th Avenue, the contractor will go back to finish up on 27th Avenue. Once that is complete, they will be going up 28th Avenue with the construction towards Jungle Lake. Prior to starting on 28th Avenue, the contractor will provide notices to the residents along 28th Avenue.

A Word From Herb Polson

Greetings once again to the Jungle Terrace Civic Association! I welcome the opportunity to provide some of my thoughts to you in your newsletter.

2011 promises to be a very active year in St. Petersburg. A new operator will be selected to operate the Mahaffey Theater Complex. City Council is currently in the process of receiving additional information from the 3 possible candidates - the current operator, SMG; a local businessman, Bill Edwards; and Ruth Eckerd Hall.

An international design competition Request for Proposal will soon be announced to determine a new design concept for THE PIER.

I am sure more discussion will take place on how to confront the perception of the TAMPA BAY RAYS that Tropicana Field is no longer a suitable location to play major league baseball.

Finally, there will be an election in November to

decide four (4) City Council seats. Those seats are currently occupied by myself (District 1), Bill Dudley (District 3), Steve Kornell (District 5), and Wengay Newton (District 7).

While this may seem to be a daunting list of tasks let me assure you that none of them will go without considerable input of the citizens of our city. I believe that your voices and inputs are the key to our city moving forward. I have always stressed that in neighborhood association meetings and I will continue that train of thought throughout this year. If you have any concerns about city related issues please do not hesitate to get in touch with me. I can be reached at my City Hall office at 893-7004.

Come and join us next year for our Annual Park Clean Up.
It's our neighborhood, they're our Parks!

Jungle Terrace Civic Association turned out in force for the recent Park Clean Up of Walter Fuller Park, AbercrombiePark and the Pinellas Trail near 22nd Ave N. The weather cooperated by not being too hot or raining allowing big results in the allotted time. Team Leaders Ed Carlson (WFP), Roland Martens (Abercrombie), and Tom Killian (PT) thank all the volunteers who gave their time and elbow grease to the effort: Scott Kindt, Susan Buckley, Pete Brown, Larry and Maureen Ahern, Adelene and Chuck Bessellieu, Monica Abbott, Mary Hannon, Charlotte Hamm, Eileen Dardis, Stanley Silverstein, Tom Taylor, Richard Dinnes, the Hospice Nurse and everyone else who helped but we inadvertently missed getting your name! Special thanks Jill Silverstein for being the roving photographer. Last but not least: Huge thanks go to Jim, Wes, and Patrick of the St Petersburg's Parks Department for manning the boat and hauling away all the brush and bags of debris collected at Walter Fuller Park.

MINUTES

Eileen Dardis,
Interim Secretary

Jungle Terrace Civic Association Minutes of Membership Meeting Monday January 18, 2011

Tom Killian called the meeting to order at 7 p.m. with twenty-five people in attendance.

Community Officer Detty led off the meeting with a recap of crime in our neighborhood, pointing out that there have been a few auto burglaries recently. He emphasizes the importance locking your vehicle even when it is on your own property, and not leaving anything of value (including change) in it visible through the window. We have also experience some home break-ins in the neighborhood, and the police ask for our continued awareness of suspicious activity, and to call 893-7780 to report it.

The 2011 Jungle Terrace Civic Association Officers and Board Members were elected.

Crime Prevention Practitioner, Brian MacNeel, gave an enlightening and entertaining talk the many ways we can become victims of crime and steps we can take to prevent them.

Tom Killian reminded the assembly of upcoming events: Neighborhood Park Clean-up on Saturday, The Easter Egg Hunt and the Green Thumb Festival.

The meeting adjourned at 8:20 p.m.

Gopher Tortoises

Gopher Tortoises are part of JTCA's Tampa Bay Estuary Program Grant. This response to our inquiry educates all of us to our "legal" relationship with Gopher Tortoises.

"I really appreciate folks taking time to consider species and how activities – no matter how good the intention – may affect them. Always feel free to contact us with questions regarding **any** species or environmental topics. Regarding your inquiry about the tortoises on roads or in the Brush Site, I have an answer. I do not recommend moving the tortoises for two reasons (there are more, but not necessary to mention here).

First, it is illegal to move tortoises. Second, tortoises are highly mobile, and research shows they commonly move long distances to forage, seek mates, or move to another tortoise. So, should you move one, it may just come right back if it wants.

With these two items in mind, I'll explain a couple of special cases. First, if there is a tortoise right in the middle of the road, I would probably risk moving it to the side of the road that it was moving towards. Second, the brush site is a little tricky because I have observed many tortoise burrows in areas where there is a substantial amount of cut or fallen shrubs, brush, and trees. Sometimes I have observed them taking advantage of the warmth of mulch piles by digging burrows underneath them. So, without knowing the operations of the brush site, I would recommend just letting them be. If it is possible to educate folks that use or are employees of the brush site, then that might be the ideal option.

Pinellas County is nearly completely developed. The tortoises seen now are small remnants of what was a large, widely distributed population forced onto ever smaller and smaller pieces of marginal habitat. This is the main reason Tortoises can

be so evident – they nearly always have to cross roads or live in grassy parks to survive. Thanks again for your question. I've copied a section from the FWC website FAQs below to show you how they handled a similar topic. Feel free to contact us if you need anything more." Lance Arvidson, Ecologist, Wildlands Conservation Inc. larvidson@wildlandsconservation.org

It is illegal to possess or relocate a tortoise without a permit from the Florida Fish and Wildlife Conservation Commission. Although a wildlife officer would not write you a citation for helping a tortoise across a busy road, picking up a tortoise and taking it to a new location is a violation law. If you do see a tortoise in the road and help it across, be sure to move it across the road in the direction it was heading as the tortoise has a burrow (home) nearby and needs that home to survive. Also remember, moving it (especially during cold weather) could stress or even kill it. Moving tortoises can also spread disease to other tortoise populations. These animals have a strong instinct to return to their original burrow and, if relocated down the road, will likely return to where you first found them.
