## Minutes of the September 19th, 2005 Monthly Membership Meeting

Lyn Dexter - Secretary

- The September 19th JTCA membership meeting was called to order by President **Killian** at 7:00 pm, and the pledge of allegiance was given. There were 88 people present.
- The format for the evening was noted to consist of a short talk by the following political candidates. **Ed Helm** who is running for mayor discussed curbside recycling and safety issues. **Leslie Ann Curran** is running for District 4 spoke on community development issues. **Jerald Waller**, running for District 6, spoke on voting issues. **Virginia Littrell** reviewed neighborhood issues from District 4 and community based policing. **Kim Trombley** spoke of crime and the need for public safety. **Jamie Mayo** from District 8 reviewed her background. **Jeff Danner** spoke on bringing Kenwood neighborhood both residential and business development. **Darden Rice**, District 6, reviewed personal history in the neighborhood. The next speaker was slated to be Eva Joy, however she was unable to attend and **Glenn Moon** described her background and platform. In the absence of Mayor Baker, **Deveron Gibbons** spoke regarding development and local parks and recreational items. **Maria Scruggs-Weston**, District 6, gave her background. Councilman **Earnest Williams**, District 6, also addressed the group. Although not up for re-election Councilman **Kriseman** spoke regarding active neighborhood parks for all kids, within ½ mile of each neighborhood. Prada Parks/pier was noted to now be open.
- President **Killian** announced upcoming events such as the Pets in the Park; and, November 5th we will be hosting a picnic with CONA. Traffic calming issues were discussed, particularly speed bumps on 30th Avenue North. A vote was taken with the result (for 21 – 23 against) being JTCA will not recommend the speed bumps. Discussion ensued regarding what other options were available to address this traffic issue and President Killian said he would look into it.
- A park for kids is being considered for the neighborhood north of Tyrone Boulevard. Several possible locations were noted.
- Mr. Killian has tickets for the Tyrone Mall which will allow eligibility for a drawing and you get 15-50% off selected retail items, with \$5 going to JTCA and \$3 to the Educational Fund. **Brad Rice** has moved to Fossil Park and **Chuck Boehme** will be the new manager of the Fuller Center.

The meeting was adjourned by general consent at 9:06 pm.

Respectfully submitted,

Lyn Dexter, Secretary

# Jungle Terrace "City Team Meeting" By: Tom Killian

Every other month our association and key city personal meet to discuss our Neighborhood Plan, Codes, Policing and other important concerns in our area. Pictured L to R are JTCA President **Tom Killian**, Code Investigator **Linda Phillips**, Public Service Representative **Susan Fuchs**, and member **Steve Zachem**. Our Neighborhood Planner **Andy Garr** took this picture. At our August 25 meeting half of our meeting was devoted to solving code issues.

The city of St. Petersburg has 20 code inspectors who cover our city. **Linda Phillips** demonstrates the new lap top computer that all code inspectors now have in their vehicle. With the new lap top they can inspect a complaint, type in the violation and the paperwork can be sent out the next day. This should speed up the response time because each investigator carries about 250 active cases.

The city's current code system is complaint driven. If you have a code issue call 893-7373 your complaint will be logged into the computer and must be followed up. Be sure to give the city the house and street number of your complaint and ask for a case number. You can then

follow the complaint thru their system with this number and check on the progress.

We pay some of the highest taxes in the city and deserve to have the best looking area. Many new people are moving into our area who do not know the rules. Please call in violations that you see and make the code investigators do the job that you pay your taxes for. \*\*\*

## The Evolution of Diagnostics

For the past 35 years, St. Petersburg General Hospital has pursued the latest in medical advances to improve and save lives. Our DISCOVERY LIGHT SPEED PET/CT SCANNER enables us to deliver a higher standard of care than ever before to the people of our region.

The dual-image system empowers physicians to detect, diagnose and treat cancer faster and more precisely for better outcomes. And that is good news for everybody. Ask your physician, or call us with questions about this new technology, now at St. Petersburg General Hospital. Our brochure will clearly explain the

benefits of this one-step PET/CT diagnostic system over its ancestors.  
 >Fuses the finest of PET and CT scan technology

- >Diagnostic tests that previously took weeks can now take an hour or less
- >High-resolution images are electronically transferred to specialists for fast review and expert opinion
- >Elimination of multiple tests saves time and anxiety
- >Images mesh perfectly since patient remains in one position
- >Faster diagnosis and more precise treatment for better outcomes

## Walter Fuller Master Plan Park Improvements

By: Tom Killian

John Green Director of Capital Improvements City of St. Petersburg presented the Walter Fuller Master Plan Park Improvements on September 12. The plan was presented to the Jungle Terrace Board of Directors from 6-7 PM. The general public presentation was made from 7-8PM. Both groups liked what they heard that night at the Walter Fuller Center. The plan calls for 1.5 million dollars to start work in October 2007, \$600,000 dollars has been allocated for 2008. The parking lot at the Walter Fuller Center will be redesigned for better traffic flow. The area around the lake will be developed so that people can walk the entire lake area. In 2008 the shell parking lot will be developed into a soccer field. Angled parking on the west side of 75th. Street North and on the North side of 26th. Avenue N. will start when the shell parking lot is closed. Walter Fuller Park is the second largest park in our city and our neighborhood looks forward to the upcoming improvements. \*\*\*

Serving All Insurance Needs

# Political Nite at Walter Fuller Center

By Tom Killian

We had a full agenda for the September Jungle Terrace meeting. Political candidates for various positions in the St Petersburg City government spoke to the membership. We heard from Mayoral candidates and City Councilmen candidates.

St. Petersburg operates under the strong mayor form of government. This system combines the strong political leadership of a mayor, who is responsible for running the affairs of the city, with an elected city council. The St. Petersburg City Council is an eight member political body whose members each represent a geographical district and serve four year terms expiring in two year intervals.

The city council has a chair and vice chair, and sets city policies, the city budget and the mayor's choices for city administrator, city clerk and city attorney. Council Members are selected in district primaries and elected citywide. The mayor, who is elected at large, serves four years. He is not a member of city council.

We also had a spirited discussion followed by a vote on a proposed speed bump on 30th Avenue N between 78th Street and 76th Way N. The membership voted against the speed bump 23 to 21. \*\*\*

**NEW FEE CLASS - TENNIS**

Walter Fuller Recreation Center is proud to announce that tennis lessons are now available for children and teens. The instructor is Eric Chall, who comes to us with an excellent track record and will make the lessons a great experience for your child or teen. Beginners classes will be held on Mondays, Wednesdays and Fridays from 4:30pm to 5:30pm. You can sign up for one class a week, which would cost \$10 per session, or attend all three classes, which would cost \$9 per session. More advanced classes are also offered during the week on either Mondays & Wednesdays from 5:30pm to 7:00pm or Tuesdays & Thursdays from 4:00pm to 5:30pm. If you are interested in signing up please come to the center office and we will be happy to get you registered and answer any questions you may have. You can reach the office at 893-7443.

**A NEW FRONT ENTRANCE**

Soon the center will have a new look to the front entrance. Construction is set to begin on replacing the three front doors that are currently in place and installing a more functional double door entrance way. The construction should only take a week to complete, so during that time we will be using the doors on the west side of our building as our temporary entrance. We apologize for any inconvenience but we believe everyone will be very pleased with the final results.

# This Months Gardening Tips

by Dean Miner, President Floridian Pest & Turf

October 2005

(see ad at right)

## Bananas

Are you lucky enough to have these plants in your home grounds? If you do, then the fruit should begin to mature. How do you tell if it is ready to pick? To begin, it takes bananas about three and a half months to mature from time the first hand is formed. The fruit will become very plump, have no sharp edges and take on a whitish green color. It takes some experience to determine maturity. Once in awhile you will have a bunch that will show some light yellow color and then you will know they are ready to harvest.

## Caladiums

It is not time to plant but to dig, unless you gamble and leave the tubers in the ground. The tubers should be washed, dusted with insecticide, such as seven to prevent insect damage during storage. Store in a cool dry place.

## Citrus

Did you fertilize your citrus last month? If you didn't, then now is the time to apply a good citrus fertilizer. It should contain some trace elements. Use one pound for each foot of tree spread. It may be a good idea to have the pH of the soil checked at this time. If the soil is, too sour (acid), then add dolomite.

## Geraniums

This magnificent winter plant is available now. If you want a most attractive bed, combine them with some dusty miller. I believe you will have more complements than you ever imagined. Both plants are almost disease and insect free during the fall and winter months.

## Magnolia

Want to grow your own tree? Seeds are all over the trees and if you pick them up now (they are bright red), remove the pulp by soaking in water for four or five days. Then mix them in a moist potting soil and place in the refrigerator for 90-120 days. Then take them out and plant. In the spring they will germinate and you will have a bunch of young seedlings to grow or give away.

## Maple Tree

Is your maple showing dead leaves on the tips of the branches? If it is, then you have had "maple tip borer". This is a tiny beetle that infest the tips by boring into the small branch. It could have been prevented by spraying the tree with an insecticide, beginning in June.

## Roses

This plant requires constant care. Pruning of long limbs, not severely, but enough to shape the plant, may be required. Fertilize with a rose fertilizer, spray for control of diseases and insects. Mildew and black spot are the most common problems. Spider mites, thrips and leaf cutter beetle may plaque some of the plants.

## Lawns

This is the month to apply a weed and feed to control the weeds in St. Augustine. Watch the temperature and do not apply any weed killer if the temperature is above 85F.

## Q&A

**Q.** Our orange tree has fruit that is brown instead of green. Have we done something wrong?

**A.** Yes. You have not sprayed for control of rust mites. This is a tiny insect that feeds on the outer skins of the orange. It punctures the outside cells of the skin, causing it to turn rust color. It is necessary

# TYRONE SQUARE REDEVELOPEMENT UPDATE

Our exciting Lifestyle Redevelopment project is coming to life!

Of course, the **BIG NEWS** is the recent announcement of two quality restaurants...**Bonefish Grill** and **Lee Roy Selmon's**... joining our new Lifestyle area. These are both great restaurants with unique restaurant offerings to the west side of St. Petersburg which will add significantly to Tyrone Square's draw.

Since much of the relocation/installation of the significant new utility/mechanical services is either completed or in progress, during the next few weeks, things will appear to be happening very quickly as the more above-ground, visual elements are completed.

The final phases include installing the new compactor next to Macy's dock area, construction of the new exterior merchant/restaurant storefronts, installation of new exterior decorative sidewalk lighting and extensive parking lot work involving sidewalks, asphalt and installation of the new landscape islands/irrigation system. Barring any unforeseen complications (ie: hurricanes), the mall work for the exterior Lifestyle area,

new mall entrance and parking lot should be completed and fully open in October.

**Claire's** has opened as the second of nine new interior mall concourse stores. **Vitamin World** is under construction with a projected opening date of early October. The **Day Spa** and **Perfume World** are anticipated to start construction any day. **Bonefish Grill**, **Lee Roy Selmon's** and other yet-to-be-announced merchants will start construction within the next few weeks so the majority of our new restaurants and retailers will be open in time for the peak 2005 Holiday Season. Stay tuned for other store announcements!

Interior mall barricades are decorated with Lifestyle Redevelopment graphics and we've even installed "windows" in the barricades to let everyone have a peek at the construction process in action.

There is lots of work to be done so that we can be completed by the 2005 Holiday Season. Stay tuned and thank you for sharing in our excitement!

**For your shopping convenience Tyrone Square is open Monday - Saturday 10:00 AM - 9:00 PM and Sunday 11:00 AM - 7:00 PM.**

**Until next time...Happy Shopping!**

(Continued from page 15)

to begin spraying in late July for control.

**Q.** We noticed a very large, dark brown bug, with large horns crawling over the grass. What is this ugly thing and will it damage our lawn?

**A.** The insect is called the rhinoceros beetle. You were looking at the male. The female has the same appearance but no large horns. It is the female that lays eggs in the lawn. These hatch into a larvae (worm) that feeds on the roots of the grass. They can damage the root system of any grass. \*\*\*

## Tyrone Square Mall Day of Giving

Tickets are available for \$8.00 from Jungle Terrace. Day of Giving is a special day of shopping, discounts and entertainment for the whole family. Many retailers will offer the best discounts of the season. Sunday November 20 11AM to 7PM. Contact Tom Killian 343-2041. Buy your Christmas presents early and save money.

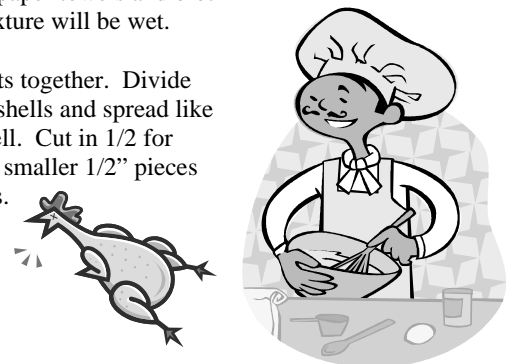

## CHICKEN ROLLUPS

1 pack (10) Soft Shells  
 1 pack Dry Hidden Valley Ranch Dressing  
 8oz Sour Cream  
 1 Cup Mayo (8oz jar)  
 1 jar real bacon bits  
 1 Lrg can Chicken Meat (drained)  
 1 box frozen spinach Do not cook. Be sure water is out of spinach. I put on paper towels and blot dry otherwise mixture will be wet.

Mix all ingredients together. Divide evenly on the 10 shells and spread like butter. Rollup shell. Cut in 1/2 for sandwich or slice smaller 1/2" pieces for hors d'oeuvres.

## Jungle Terrace receives Mayor's Flowering Tree Grant

By: Tom Killian

The Jungle Terrace Civic Association applied for and received a 2005 Mayor's Flowering Tree Grant of 10 trees. Pictured here is Jungle Terrace President **Tom Killian** and **Nancy Preis** CEO of Sensor Systems. The trees were planted on the city right of way bordering the Sensor property. The trees are on 26th. Avenue N. between Anvil Street N. and 72nd. Street N.

also on 72nd. Street N. bordering the Sensor property.

Jungle Terrace and Sensor wants to thank **Kathy Markiewicz** of our Parks Department for her help in obtaining the trees. Jungle Terrace is working with our Industrial Park neighbors to beautify our Industrial Park. Please drive by and see the improvements. \*\*\*

## Working Out and Sports Playing It Safe

Daily Stress, aerobic activities that push the body to its outer limits, and lifting weights put abnormal amounts of stress on bones, muscles, and joints. Full speed collisions, falls to the ground, and head and limbs being rammed, pulled and twisted beyond their normal ranges. Even seemingly normal, easy, or moderate exercise. What are some of the damaging effects of this punishment? How likely are you to develop problems or be seriously injured, and how can you be sure you are performing at your optimum?

The development, growth, and function of our bodies is directed and controlled by the brain, spinal cord, and nerves. Luckily, the brain is in a vault of bone. However, although the spinal cord and spinal nerves are also damaged or misalign easily, this creates pressure and interference to the spinal cord and nerves that will result in obscured growth, improper development, and poorer function.

When the muscles and joints are not working properly they will become less flexible, weaker, and more likely to become injured or deteriorate into arthritic or degenerative conditions. This pressure and interference causes decreased nerve supply to the tissues, organs, and systems of the body. This leads to impaired body functions, a loss of proper alertness, a lack of concentration, and lowered energy. These problems will slow down results in your exercise routine, cause a poorer performance in sports, the classroom, or at work. A body functioning below normal capacity will have a lower resistance to infection or illness.

Chiropractors analyze the spine for the detection and correction of spinal misalignment called vertebral subluxation. A spine out of its proper alignment is much more prone to serious damage. Chiropractic adjustments align the spine, remove nerve interference, thus restoring proper health and optimum function. This makes you free from illness, safer from injury, and allows you to perform at your best without the use of drugs or surgery. This is why the top professional and Olympic athletes get adjusted and millions of parents seek chiropractic for themselves and their families each year as a safer, natural form of health care.

## October Home of the Month by Mary Scott

As the saying goes, “You can’t keep a good thing down”. And so it goes for the home of **Mark & Mary Myers** on 8213 35th Avenue North. Their home was selected a couple of years ago as Home of the Month. It still holds the same beauty and charm as it did then, as well as it did the day they bought it. The Myers’ have lived in their home 16 years and have maintained it to perfection.

Congratulations on a job well done.
